## Athlete hands rowing group big cash help

AND they're off! — thanks to a cash sweetener from a confectionery firm.

Swansea Rowing Club have been given £5,000 by chocolate bar makers Mars to buy new equipment. Member Sarah Hayward said the money meant a lot to rowers because they had been saving to pay for new racing and trainer boats for some time.

“The number of people that will benefit from the new equipment is huge,” she added.

Current world tri-athlete champion Helen Jenkins handed over the cheque to club officials last Tuesday. The group were the winners of the Mars Refuel Fund after being picked by Talksport radio presenters Darren Gough and Danny Kelly.
